Property Description

Just 150 meters from the ocean, this newly built 2024 two-story home is one of the very few residential properties available in downtown Sámará—making it an exceptional find for both lifestyle seekers and investors. Set behind a private gate and surrounded by a lush tropical garden, the home blends modern construction with the relaxed charm of coastal living. Its two levels offer bright, comfortable interiors, ideal for full-time living, vacation rentals, or a personal beach retreat. With Sámará's highly desirable walkable lifestyle—cafés, restaurants, shops, and the beach all just steps away—the cost of living remains remarkably favorable, especially for those looking to enjoy a vibrant, beach-oriented community without sacrificing comfort or convenience. Whether you are looking for a personal sanctuary or a strategic investment in one of Guanacaste's most dynamic beach towns, this property represents a unique, unrepeatable opportunity in downtown Sámará.
