## Property Description

This upcoming residence at Brisas 17 represents a fresh take on luxury living within the prestigious grounds of Hacienda Pinilla. Crafted by the talented team at Motta Vieto, the home is a testament to how modern architecture can perfectly complement a tropical setting. It's designed to be more than just a house; it's a functional sanctuary where high-end finishes meet a layout that actually makes sense for everyday life. Inside, you'll find five generously sized bedrooms and 4.5 bathrooms, which is the ideal setup for anyone who loves to host friends or has a large family. The total footprint covers about 4,300 square feet, with a focus on open spaces that let the breeze move through and the sunlight pour in. It's the kind of design that makes you feel like you're part of the surrounding landscape even when you're sitting in your living room. Because the home is set for completion in September 2026, it offers the rare opportunity to secure a brand-new build in a community that is already well-established and world-renowned.
