Property Description

Welcome to Casa Almendra, a newly built 4-bedroom luxury retreat in the prestigious Los Almendros enclave of Hacienda Pinilla, Guanacaste. Crafted in 2024 with timeless teak finishes and designer touches throughout, this turnkey residence invites you to step into a life where nature, elegance, and community converge. From the moment you arrive, a mature Guanacaste tree and a meticulously landscaped garden set the tone. Inside, a grand pivot door opens to a light-filled living space with full-height sliding glass doors that dissolve the boundary between indoors and out. The master suite has been designed as a place to slow down and connect – with motorized curtains that open to soft morning light, a spacious walk-in closet, and a spa-style ensuite featuring both indoor and outdoor showers. Step out to your own seating area under the trees, or walk directly into the pool for an early swim.
