Property Description

Completed in December 2024, this newly constructed income generating estate in the hills of Santo Domingo offers panoramic ocean views, high end construction, and proven rental performance just 3.5 km from the heart of Sámara and its popular beaches. Perched on a sloping jungle hillside, the property enjoys unobstructed views of the Pacific Ocean from nearly every vantage point. Whether on the pool deck, in the kitchen, or lounging on a private terrace, the sea is always within sight. The setting is serene and naturally elevated, with the soothing sound of a seasonal waterfall echoing from the valley below. The estate sits on a 0.84 acre lot and features three fully equipped guest lodges, each measuring approximately 594 square feet and independently positioned to offer privacy and ocean facing vistas. These units include king size beds, full kitchens, lounge areas, private bathrooms, and covered terraces, all oriented toward the coast.
