Property Description

Villa Serena is much more than a Real Estate acquisition, it's a decision to enter into a lifestyle...one that few have the opportunity to indulge. Acclaimed Costa Rican architect Abraham Valenzuela created this masterpiece for his sister and her family, his very first oceanfront project...almost 25 years ago. This is a home with a soul. A patina. A legacy. The owners artistic touch is evident throughout the home... This exceptional oceanfront villa is a blend of timeless design and coastal charm, offering breathtaking west facing views of the Pacific Ocean. Situated on a double lot along the pristine white sands of Playa Langosta, Villa Serena is an architectural masterpiece. The main house features 3 bedrooms and 3 1/2 baths plus a private office off of the primary suite. The adjacent detached guest house features two bedrooms and two baths. The gourmet kitchen overlooks the living area and terrace beyond.
