Property Type: Commercial • Bedrooms: 15 • Size: 1,483 SQ M •

- Status: Available

## Property Description

Code: 23TG12 I am happy to tell you about a hotel that is right on the beach in Jacó Beach. This place is really special because it is in an area just steps from the warm water of the Pacific Ocean. The hotel is a place for people to relax and enjoy the beauty of Costa Rica. The hotel has clean rooms that are comfortable to stay in. Many of the rooms have kitchens and private balconies or terraces where you can sit and enjoy the view. The hotel is surrounded by gardens with lots of tropical plants and trees. There is a pool area where you can swim and relax. The ocean breeze makes it a perfect place to unwind. The hotel has 13 rooms that're like small studios and there is also a two-bedroom apartment for the owner. There are two big rooms that could be turned into apartments or extra rooms for guests. The hotel also has storage areas, laundry rooms and parking for guests. What makes this hotel really special is that it is on the beach and the land is fully owned by the hotel.
